

Welcome to the Pentec Health Family!

Addressing your Nutritional Needs with the Pentec Advantage™ Oral Nutrition Supplement Program

Dialysis patients require higher protein intake, which can make it challenging to maintain adequate protein levels while following a renal diet. In order to alleviate this problem, an oral nutrition supplement will be provided in combination with your IDPN or IPN therapy to assist in improving your nutritional status.

Oral Nutrition Supplement Options:

Vidafuel® Wellness Protein contains 16g of complete protein per 2oz serving that includes all 20 amino acids and no sugar alcohols or artificial sweeteners. It has a smoothie like consistency which is available in citrus burst and berry delight.

Gelatein® 20 is a sugar free gelatin supplement that tastes delicious with 20g of protein per cup. It is available in a variety of flavors including fruit punch, orange, lime and grape.

ProSource® NoCarb Liquid Protein is a sugar free, low volume supplement that provides 15g of protein per 1oz serving. Available in berry punch, neutral and orange creme.

Frequently Asked Questions

Who is Pentec Health?

For 40 years, Pentec Health has been a leading provider of Intradialytic Parenteral Nutrition (IDPN) and Intraperitoneal Nutrition (IPN) protein therapies for malnourished dialysis patients. To improve the nutritional status of a patient, a nephrologist will order our IDPN therapy for hemodialysis patients or IPN therapy for peritoneal dialysis patients.

Why am I receiving Pentec Advantage™ supplements?

It has been determined that you would benefit from supplemental, oral nutrition therapy from Pentec Health in combination with your IDPN or IPN therapy. These supplements are intended to support the IDPN or IPN therapy that you are receiving with the goal of improving your nutritional status.

How will I receive the Pentec Advantage™ supplements?

You will receive one shipment containing one of the following options:

- 48 cups of Gelatein® 20
- (2) 30oz bottles of ProSource® NoCarb
- (4) 32oz bottles of Vidafuel® Wellness Protein

How should I store my Pentec Advantage™ supplements?

Place the supplements in dry storage area, free from extreme temperatures or direct sunlight. Check the expiration on each supplement. Products with older expiration dates should be used first. Discard any unused ProSource® NoCarb product within 3 months of opening and Vidafuel® Wellness Protein 1 month after opening.

When do I take my Pentec Advantage™ supplements?

The supplement of your choice is meant to be consumed 4 days per week.

What if I would like more supplements?

If your clinician recommends continuing and you would like to purchase additional supplements:

- **Gelatein® or ProSource®** - Call Medtrition at (877) 271.3570
- **Vidafuel®** - Visit vidafuel.com and use promotional code Pentec15

When do I call Pentec Health?

Please call Pentec Health at (800) 233.4376 if there is damage to the product at time of delivery.
